A GOOD RECORD.

The record of Hon. John V. Nebel in the House was clean and of much service to the people of this county and the state. His vote aided to establish the Binder Twine factory at the penitentiary which will mean a saving of many dollars to the farmers. This bill had almost the solid Republican strength, which shows where the party stands on the question of trusts.

Again the defeat of the Text Book Commission and a change of books saved the people of Missouri one and one-half millions of dollars. This saving was brought about by Republicans and Mr. Nebel helped to do it.

Among the bills Mr. Nebel introduced were House Bill No. 71, making W. L. Gupton's abstracts legal evidence of title, which is greatly to the benefit of the tax payers of the county; House Bill No. 254, to correct any error overlooked by the Revision Committee. House Bill No. 369, to repeal special Jury Law in civil cases. This bill was killed by the corporation lobby lacking seven votes of a majority. The Bill to remove the Collector's office to this place was acted on favorably by the house, after the Committee on ways and means had reported that it should not pass. The credit of getting this bill through the house is due to Mr. Nebel. As a member of the Committee on Wills and Probate Laws his services were valuable.

As a member of the Committee on Elections, the Jefferson Club Election Law left the Committee with twenty-three amendments—a pretty bad house to need so much patching. While this law is some better than the Nesbit Law it was bad enough but it was a case of that or nothing.

These are a few of Mr. Nebel's official acts as our county's representative. They speak for themselves. His record is clean—his services were for the good of the county and the county can show her appreciation in no better way than to return him next election.

Vigorous Old Age

Paine's Celery Compound makes the old feel young, and cures their ills. It has added years of health and enjoyment to many a life. Use this great medicine regularly, and its invigorating powers will fill your declining years with health, strength, and happiness. Read what George F. Morse, 67 years old, writes:—

Gentlemen:—Just a word in favor of Paine's Celery Compound, hoping it may catch the eye of some afflicted person, and they may receive the same satisfactory benefit. Some 15 years ago I had a combination of malaria, chills and fever, and grip, which continued for a year or more; meantime I lost in weight about 60 pounds, trying different medicines and doctors with unsatisfactory results. Paine's Celery Compound was recommended, and, after using a little I began to improve, gaining about a pound a week. In a year I had regained 50 pounds of the lost weight and good health, and have been a well man ever since. Yours truly, GEORGE F. MORSE. LEOMINSTER, MASS., Oct. 27, 1902.
